SEKISUI CHEMICAL CO., LTD.

President Teiji Koge

Greetings

Celebrating our 70th Anniversary

Today, I would like to sincerely thank our stakeholders. To our customers, shareholders, business partners, and all the local communities where the SEKISUI CHEMICAL Group operates, we truly appreciate your cooperation, support and kindness.

Today, on March 3, 2017, SEKISUI CHEMICAL CO., LTD. celebrated its 70th anniversary.

70 years ago, on March 3, 1947, Sekisui was established with the aim of being a comprehensive plastics business. This was a new and innovative material in Japan at that time. Since then, we have expanded our business by providing products which meet our daily needs, such as tape and PVC buckets, materials that support government and private sector infrastructure such as pipes and guttering, high-performance materials for electronics and vehicles, and detached houses.

Over the years, there have been both frustrations and expectations, but our employees have always come together to solve these issues based on the SEKISUI CHEMICAL Group "3S spirit" (**S**ervice, **S**peed, and **S**uperiority). Through working together and combining our strengths, we have constantly overcome challenges and opened new doors.

In the future, we will continue to contribute to improving people's lives and the global environment by further developing the frontiers of "creation of housing / social infrastructure" and "chemical solutions" through our prominent technology and quality. Furthermore, we shall double our efforts in order to maintain our strong corporate presence for 100 years and beyond.

Today, celebrating our 70th anniversary, I humbly ask all of you for your continued support in the future.
