Sekisui Specialty Chemicals Announces New Selvol Brands

Dallas, December 7, 2012 – Sekisui Specialty Chemicals, a global leader in polyvinyl alcohol (PVOH), announced today updated brands for its Utiloc, Ultalux and Premioli lines of products. Targeted for enhanced performance in a variety of specialized end uses such as water soluble films, apparel, and oilfield, these brands and their chemistries complement Sekisui's existing Selvol Polyvinyl Alcohol line of products.

Customers should contact their Sekisui Specialty Chemicals sales representative for more details.
